FOOD AND FEED REGULATION

Creating an equal level playing field for all food businesses

About Better Training for Safer Food

"Better Training for Safer Food" (BTSF) is a Commission initiative aimed at organising a Community (EU) training strategy in the areas of food law, feed law, animal health and animal welfare rules, as well as plant health rules.

- Background and principles of HACCP;
- HACCP methodology, development of HACCP plans and document management;
- Implementation and validation of HACCP plans;
- Information on the different materials used in Food Contact Materials;
- Audit principles and management, to verify implementation of HACCP systems and compliance with food and feed requirements.

FEATURES

- 30-45 days
- Online
- 5 Units
- Self-Paced
- Multimedia

Available in:

- English
- German
- French
- Spanish
- Portuguese

Animal Health Prevention and Controls for Aquaculture Animals

COURSE DESCRIPTION

The **BTSF Online eLearning module on Animal Health Prevention and Controls for Aquaculture Animals** is aimed at allowing participants to improve their knowledge and skills in:

- EU provisions related to the control of aquatic diseases, with special focus on the fish, mollusc and crustacean diseases listed in Annex IV to Council Directive 2006/88/EC;
- The EU legislation relevant to aquaculture animals, in particular the rules of placing on the market and import;
- Pathogen and disease description;
- Surveillance;
- Inspection and sampling procedures;
- Measures to be taken in case of outbreaks (various scenarios, study cases);
- Notificators at internal and EU level, information and experience exchange.

FEATURES

- 30-45 days
- Online
- 6 Units
- Self-Paced
- Multimedia

Available in:

- English
- German
- French
- Spanish
- Portuguese

Animal Nutrition

COURSE DESCRIPTION

The **BTSF Online Course on Animal Nutrition (AN)** is aimed at allowing participants to improve their knowledge and skills in:

- Requirements concerning the marketing of materials intended for use as animal feed including feedstuffs, intended for particular nutritional purposes;
- Requirements concerning materials whose circulation or use for animal nutrition purposes is prohibited or restricted;
- Rules for the labelling of feedstuffs, including feed additives;
- Legislation on undesirable substances in feed.

FEATURES

- 30-45 days
- Online
- 4 Units
- Self-Paced
- Multimedia

Available in:

- English
- German
- French
- Spanish
- Portuguese

BTSF Online: e-Learning Programme

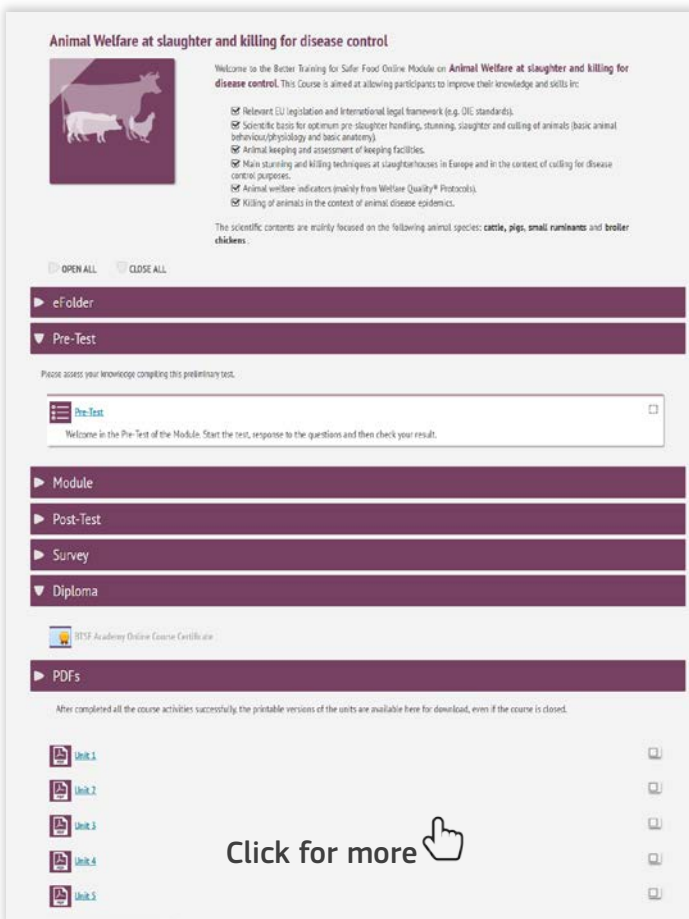

Enrolment process keeps the same procedures as in the *BTSF e-Learning Campus*.

Participants can be **enrolled at any time** without any Course planning restrictions.

Further **e-Learning development with Courses on new topics** to be decided.

Additional localisations in other selected EU official languages for the existing e-Learning Courses.

New online **teaching/learning tools** to be implemented.

Animal Welfare at slaughter and killing for disease control

Welcome to the Better Training for Safer Food Online Module on **Animal Welfare at slaughter and killing for disease control**. This Course is aimed at allowing participants to improve their knowledge and skills in:

- Relevant EU legislation and international legal framework (e.g. OIE standards)
- Scientific basis for optimum pre-slaughter handling, stunning, slaughter and evisceration of animals (basic animal behaviour/physiology and basic anatomy)
- Animal keeping and assessment of keeping facilities
- Main stunning and killing techniques at slaughterhouses in Europe and in the context of coding for disease control purposes
- Animal welfare indicators (quality from Welfare Quality® Protocols)
- Killing of animals in the context of animal disease epidemics

The scientific contents are mainly focused on the following animal species: **cattle, pigs, small ruminants and broiler chickens**.
